

Brisa[®] Outdoor

Ultra Lifestyle Collection

Brisa[®] Outdoor | Part of the Ultra Lifestyle Collection, Brisa Outdoor gives you a breathable polyurethane surface engineered for solar endurance. Its soft, supple hand, along with its unique ability to stay cool and resist fading over extended periods of sunlight make this the perfect choice for applications anywhere under the sun. Since Brisa Outdoor uses an advanced, innovative technology, it is strong enough to withstand whatever Mother Nature throws its way.

SOLAR ENDURANCE

BREATHABLE

CLIMATE CONTROL

SOFT

KID & PET FRIENDLY

DURABLE

MOLD & MILDEW RESISTANCE

EASY TO CLEAN

EARTH FRIENDLY

WATER REPELLENT

Maintenance & Care Instructions

- Clean regularly with soap and water
- Wipe up spills as soon as they occur
- Remove stains with an alcohol-based cleaner like Fantastik[®]
- Disinfect using a 5:1 water/bleach solution
- Thoroughly rinse all cleaning solution residue with water
- Air dry

A Special Note on Outdoor Products:

- All Ultrafabrics outdoor products should be stored in a dry, well ventilated area
- Ultrafabrics mildew resistant surfaces do not promote mildew growth, however, mildew may grow on dirt and other foreign substances that are not removed from the fabric
- The frequency of cleaning will vary greatly depending upon the local outdoor environment in which the product is used
- Cushions should not remain wet or be covered, as this will increase the chances of mildew growth occurring

Earth Friendly

- No PVCs (Polyvinyl Chloride)
- No POPs (Persistent Organic Pollutants)
- No PBDEs (Polybrominated Diphenyl Ethers)
- No HFRs (Halogenated Flame Retardants)
- Meets the most stringent VOC standards
- No Plasticizers, Heavy Metals or Stabilizers
- Phthalate free
- No toxic by-products
- Over 99% of solvents recaptured and recycled
- ISO 9001 Certified Mill

Brisa® Outdoor

Ultra Lifestyle Collection

Breathable Comfort and Durability

Brisa® Outdoor is engineered to stand up to high wear and extended exposure to sunlight. It exceeds industry standards of 1,000 hours for QUV testing. It meets or surpasses industry wear standards including bond strength, seam strength and tear strength. Brisa Outdoor exceeds 200,000 double rubs on the Wyzenbeek abrasion test method showing no wear and tear – that's 6x heavy-duty industry standards. Add mildew resistance technology, and you've got the ideal surface for your life outdoors.

Cool – Even When it's Hot

Brisa Outdoor stays cool to the touch, even when exposed to sunlight. It cools down faster than leather and vinyl (PVC) – a benefit that combines with breathability to make your life easier and more comfortable than ever, especially on hot summer days. Because it's inherently stain-resistant, no toxic aftercare is required to keep Brisa Outdoor looking its best.

Earth Friendly

- Greenguard® Certified
- No PVC (Polyvinyl Chloride)
- No POPs (Persistent Organic Pollutants)
- No PBDEs (Polybrominated Diphenyl Ethers)
- No HFRs (Halogenated Flame Retardants)
- Meets the most stringent VOC standards
- No Plasticizers, Heavy Metals, Stabilizers or Phthalates
- No toxic by-products
- Over 99% of solvents recaptured and recycled
- ISO 9001 Certified Mill

Maintenance & Care Instructions

Keep Ultrafabrics, LLC brand surfaces looking great by routine and proper maintenance. Clean regularly to prevent excessive dirt from accumulating. Follow these guidelines to extend the life of the fabric:

- Clean regularly with soap and water
- Wipe up spills as soon as they occur
- Remove stains with an alcohol-based cleaner like Fantastik®
- Disinfect using a 5:1 water/bleach solution
- Thoroughly rinse all cleaning solution residue with water
- Air dry
